BEYOND FOSSIL FUELS FUND

FUND OBJECTIVE

Seeks to provide investors with a total return consistent with a diversified portfolio of large capitalization, fossil fuel free US common stocks.

INVESTMENT STRATEGY

An enhanced global equity index portfolio that invests in a broad array of US common stocks, international developed market, and emerging market countries. The Fund avoids investments in companies with the greatest amount of fossil fuel reserves – those that produce or explore for oil, gas or coal. The Fund employs shareholder engagement and social and environmental screens.
