AGGRESSIVE BALANCED FUND

FUND OBJECTIVE

Seeks to provide investors with a total return consistent with a broadly diversified portfolio of high quality fixed income securities and common stocks, with varying equity allocations in accordance with the desired risk/return tradeoff.

INVESTMENT STRATEGY

The Fund consists of units from the Fixed Income Fund and Total Equity Fund. The Fund places a greater emphasis on capital appreciation (75% equity, 25% fixed income) with income and stability playing a lesser role. With the highest allocation to global equities, the Fund offers the highest potential return (and volatility) of the three balanced funds. The Fund employs shareholder engagement and social and environmental screens.
