United Church Funds

BEYOND FOSSIL FUELS FIXED INCOME FUND

FUND OBJECTIVE

Seeks to achieve competitive risk-adjustment total returns over a full market cycle through the active management of a diversified portfolio of predominantly high-quality fixed income securities, while avoiding investments in companies that explore for a produce fossil fuels and favoring investments that advance environment and social justice.

INVESTMENT STRATEGY

The Fund, which is managed by the Core Fixed Income Team of the Pension Boards-United Church of Christ, invests in short, intermediate and long-term U.S. dollar-denominated, investment-grade, government, agency, corporate, mortgage-backed and asset-backed securities. Active management combines duration and yield-curve positioning with sector allocation, fundamental credit research and security selection, while maintaining core fixed income risk characteristics. The Fund applies UCF's social and environmental screens, and or investments intended to finance environmental and social outcomes, it evaluates and monitors use of proceeds, impact reporting and greenhouse gas emissions.
